March 10th-1900;

C.H. & H. Chapman,

Philadelphia, Penn'a/

Gentlemen;- I have sent you this afternoon the box of coins and  
of which you will find as per the copy of contents enclosed;

In the half dollar of 1853 or No rays and Arrow I beg to state  
this half dollar was purchased by my father some twelve years ago  
from an old farmer from Rawlinsville who says it was in his possess  
ion for a number of years before my father bought it I can trace  
the half dollar through the first owner, if occasion should require  
it; I have had an offer of \$50.00 on it and should like a whole lot  
more as I paid \$35.00 or rather my father did some twelve years  
ago; I wish to hear further from you in regards to holding the coin  
at \$50.00 straight

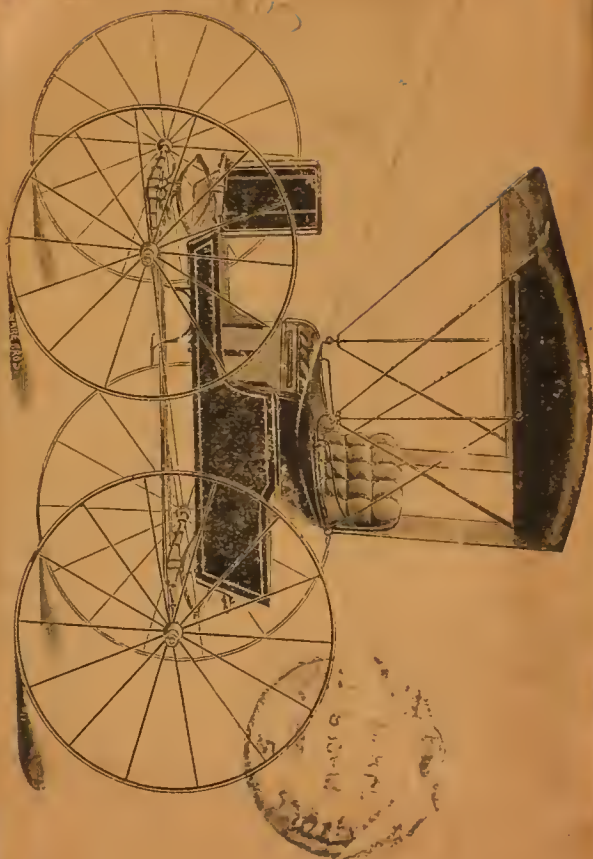

I will try send you the half cents in the forties  
just as soon as my man get in the right mind to part with them;

I would like if you could fix the coins off in regards to  
a little oil if possible as it may be you can add materially to  
the selling price of them;- The coins are the property of My self  
and I should think they would be likely to get some bids from the  
other dealers and there are a few that I had not sent any coins  
to as their reference were not what I wanted; and for the reason  
they may be prejudiced from bidding; and I should say could it not  
be better to merely state as coins from Lancaster, Pa or you can  
say from R.H. Henry - I will leave that entirely in your hands;  
I have bought a lot of stamps-- (a very big lot) and will like very  
much if you could sell these to good advantage as in a year or so I  
promise you I will sell my gold collection which I have some rare  
pieces and a big number of dollars; but as yet I will hold on them  
Kindly send me a catalogue after you get them printed and let me  
know when your next sale is; Very Truly,

after the coins are sold I  
will send you the stamps

R.H. Henry

AFTER 5 DAYS RETURN TO  
E. O. HENRY,
